COVID-19 Protocols for Live, In-Person Events

As we return to live, in-person events, we are committed to keeping the safety of our staff and attendees top of mind.

We understand that guidelines are changing rapidly and will make every effort to keep our attendees updated as new information arises. This information is meant to inform you of what we are doing to protect everyone—our hope is to assuage any concerns you have. As a participant, we also want to encourage your contribution in protecting each other and preserving our in-person CME environment.

In-Person Expectations

For the safety and comfort of all participants, in-person attendees must be fully vaccinated. We are asking those attendees to, additionally, observe the following precautions.

- Wear face masks, except when eating or drinking, and adhere to The Oklahoma State University Center for Health Sciences' mask guidance.
- Wash hands frequently and minimize touch point contact.
- Follow other safety protocols put in place for a specific event, and
- Agree to the Personal Accountability Commitment at the bottom of this document.

**If you are experiencing symptoms, have COVID-19,
or think you may have been exposed, please stay home.**

What We're Doing Differently

Here's a look at what we're doing differently at our live, in-person conferences:

- Increased signage will be visible to remind guests to maintain safe distancing.
- Public areas will be sanitized throughout the day.
- Hand sanitizer will be available on-site.

#STOPHESPREAD

7 Steps to Prevent the Spread of COVID-19

- 01 Wash your hands frequently
 - 02 Avoid touching your eyes, nose, and mouth
 - 03 Cover your mouth when you cough using a tissue or the bend of your elbow
 - 04 Avoid crowded places and close contact with anyone who has fever or cough
 - 05 Stay home if you feel unwell
 - 06 Seek medical care early if you have a fever, coughs, and difficulty breathing—but call first
 - 07 Get information from trusted sources
-

Personal Accountability Commitment

By registering for a live, in-person event, you agree to follow all safety protocols requested by Oklahoma State University Medical Center Department of Internal Medicine, the Osteopathic Founders Foundation, and by the symposium venue at the time of the event. You acknowledge there is an inherent risk of exposure to COVID-19 in any public space where people gather. We encourage all registrants to follow the Centers for Disease Control and Prevention (CDC) guidance and all posted instructions while attending the 10th Annual Richard C. Staab, DO Memorial Symposium to ensure the health and safety of our staff, speakers, and attendees.
